About

The European Penitentiary Training Academies Network (EPTA) was founded in 2010 by heads of European Penitentiary Staff Training Academies to provide for a structure that supports sharing of training methodologies and contents across Europe.

EPTA aims at developing a cooperation that enhances initial and continuous training of correctional staff and at contributing to boost awareness of the correctional staff's work in prison and probation settings. From the 11 founding members in 2010, the network extended to 32 members from all regions of Europe today.

EPTA meets once a year in one of the partner countries for two days to discuss the latest developments in the sector. In the periods between the meetings the members enter into bilateral sharing of information and mutual visits to facilitate direct exchanges.

EPTA Objectives

Promoting the exchange of knowledge, contents, programs and good practices

Facilitating a European exchange of staff training professionals

Building a sustainable network of Penitentiary Training Academies

Areas of Cooperation

Identification of common competences and knowledge

Sharing and development of staff training contents according to standards set by Council of Europe recommendations

Sharing knowledge in relation to trainer profiles and training of trainers

Sharing and development of innovative training methodologies

Sharing methodologies for training evaluation and measuring impact

EPTA President

The EPTA network is headed by a President. The Presidency is rotating annually and lasts for one calendar year.

EPTA Secretariat

For providing stability and continuity the Secretariat of EPTA is managed by the European Organisation of Prison and Correctional Services (EuroPris).

EPTA Project

On behalf of EPTA, the Netherlands Helsinki Committee applied in conjunction with EuroPris and the National Training Academies from Bulgaria, France, Ireland, and Romania, for an EU funded project 'Innovating together: Connecting European Penitentiary Training Academies'. The intention of the project is to connect European Penitentiary Training Academies and stimulate further professionalization and engagement within the network, support the organization of the upcoming three Annual Conferences and invite EPTA members to a number of international trainings. This, in turn, will allow existing and future European members to collectively benefit from the results. The project started in 2021 and will be finalized in 2024.
